

Dedicated to freshness

Smart solutions

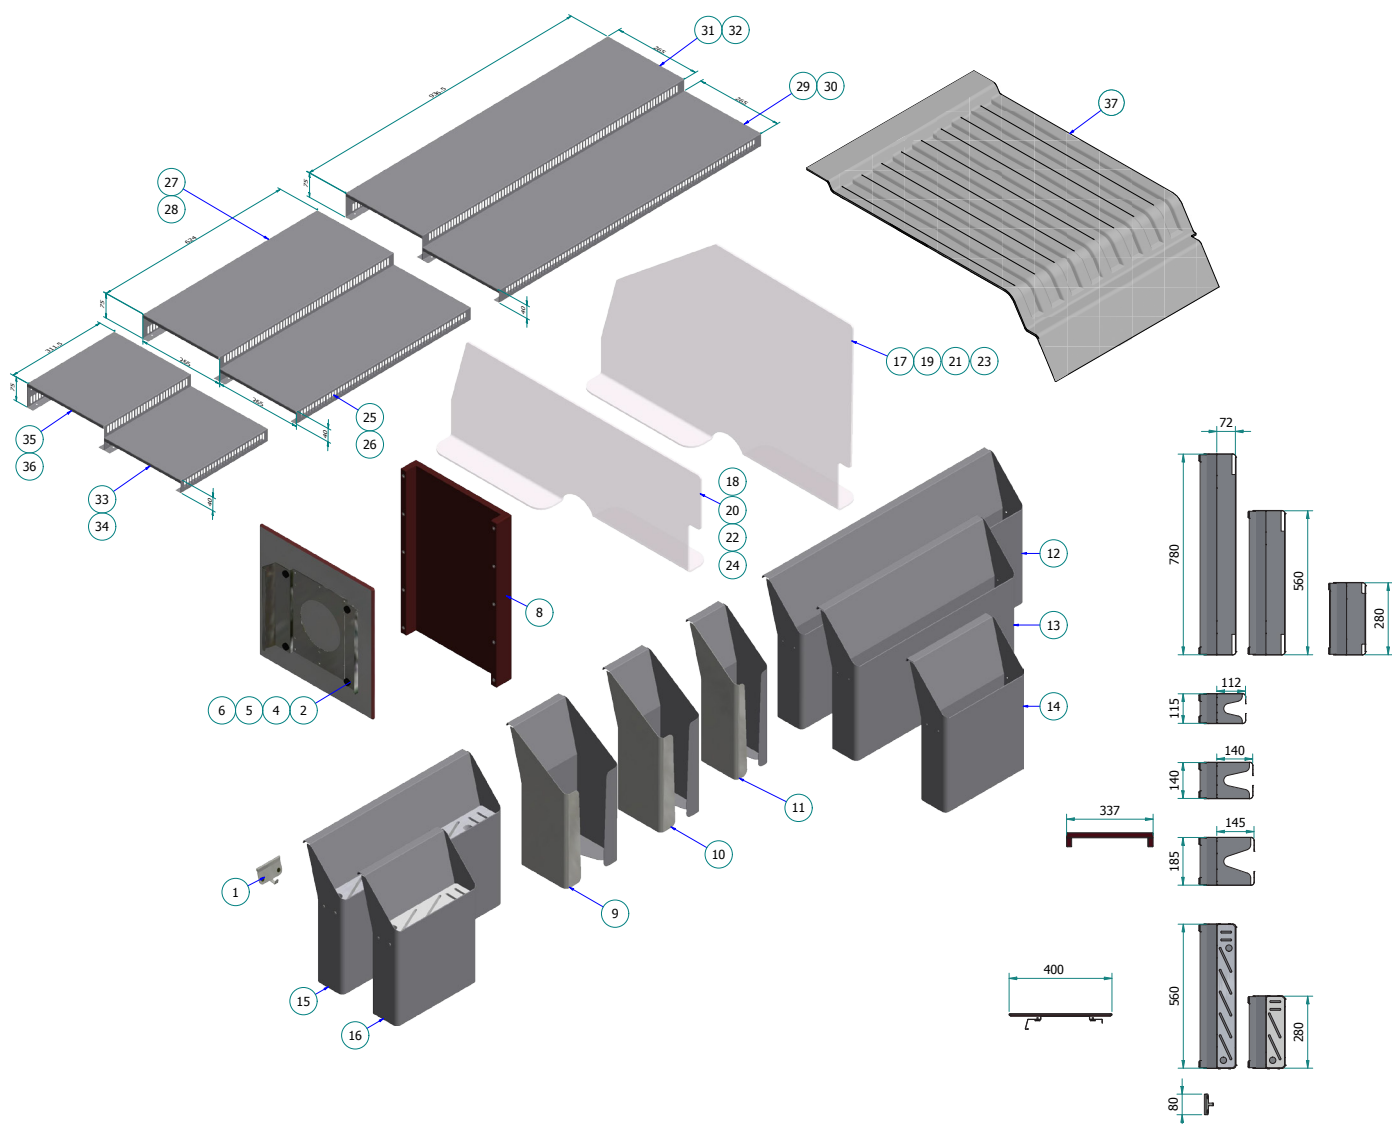

Smeva offers a wide range of high-end accessories for the Vision MKII. Developed to complete your counter.

For example an acrylic divider makes a perfect separation between meat and poultry possible. With the stepped decks you can create a true podium for the products by varying with the height in presentation, without losing refrigeration capacity. Night covers limit dehydration to an absolute minimum, when fresh products are stored overnight in the counter.

ACCESSORIES:

- ▶ Cutting board (red / white / blue)
- ▶ Night covers
- ▶ Stepped decks
- ▶ Salad tray holders (3 widths)
- ▶ Paper tray holders (3 widths)
- ▶ Bag hook
- ▶ Scale platform
- ▶ Acrylic divider (high and low)
- ▶ Knife holder (2 widths)
